Ever notice how you just come back to certain recipes, certain dishes time and time again? Especially for holidays? For us, this is one of those recipes. Mix up all your ingredients in a medium size casserole dish and pop it in a preheated 350° oven. Bake until it's golden brown on top and firmed up. This will take about 35 minutes. I bet you'll like it. I bet you try it again. And again. Wanna bet ?
