

LEMON ICE CREAM ANGEL CAKE

Gilda Tyson Massingill
Odis Bonner Tyson

1 baked angel food cake
1 can frozen lemonade

½ gallon vanilla ice cream
Whipped cream

If I make the angel food cake I use a long angel pan, not the round size. Of course if you don't bake the cake and buy an angel food cake it will be round which really doesn't make any difference. Slice the cake into 3 layers. Let the ice cream soften. Mix the frozen lemonade and ice cream together and spread between layers and on top of cake. Freeze unwrapped on cookie sheet, then wrap with foil and put in freezer until ready to use. To serve; slice and put dollop of whipped cream on top.

Note: This is a wonderful cake for birthday parties and especially great in the summer time.
